Lighting solutions for Australian industry. Since 2002.

National coverage with warehouses in Sydney and Perth

Tigerlight was founded in Sydney almost 20 years ago, and has always been a leader in bringing more effective, affordable and reliable LED lighting technologies to commercial and industrial customers nationwide.

Today we operate in every Australian state, with warehouses in Sydney and Perth, each with large stock holdings for immediate delivery.

Bespoke made-to-order lighting solutions

Our unique modular lighting platform allows for thousands of options and combinations to exactly meet the needs of our customers.

Options include wattage, bracket types, remote drivers, emergency packs, optical lenses, colour temperature, lighting controls, housing shape and colour.

Any combination of options can be assembled to order and shipped to arrive in Australia within 6-8 weeks.

Certified lighting engineering service

Our experienced customer service team is supported by our in-house lighting engineers who deliver customised, certified lighting designs, drawing on our large range of wattages and optical lens options.

When finding optimum solutions for our customers, we can ensure that lighting plans meet Australian standards, including AS4282 for Obtrusive Lighting.

Food Industry

AURIZON RAIL DEPOT, WEST KALGOORLIE

40 x 960W Megafloods with asymmetric lensing,
illuminating a 2km long shunting yard.

SANITARIUM, BERKELEY VALE

60 x Primo 12K 12,000 lm Lowbays and 104 x Primo 20K 20,000 lm Highbays, with daylight harvesting sensors for optimum energy efficiency.

MANILDRA, BOMADERRY - MVR EVAPORATOR & BULK QUARANTINE STORAGE

20 x 960W MegaFloods with asymmetric lensing, illuminating container yard to 100 lux. Mako Area Lights, including emergency models, and MegaFloods with custom optical lenses illuminate gantries and walkways, while showcasing the new evaporator plant.

BLUESCOPE STEEL - PORT KEMBLA BERTH 113

30 x 960W MegaFloods achieving 130 lux average across the wharf.

JELLINBAH COAL - HEAVY VEHICLE WORKSHOP

36 x Primo 40K 40,000 lm highbays, mounted at 18m, delivering 400 lux at the working plane.

INFRABUILD STEEL, NEWCASTLE - ROD MILL STORAGE YARD
6 x 960W MegaFloods on 40m tower illuminating bulk storage yard.

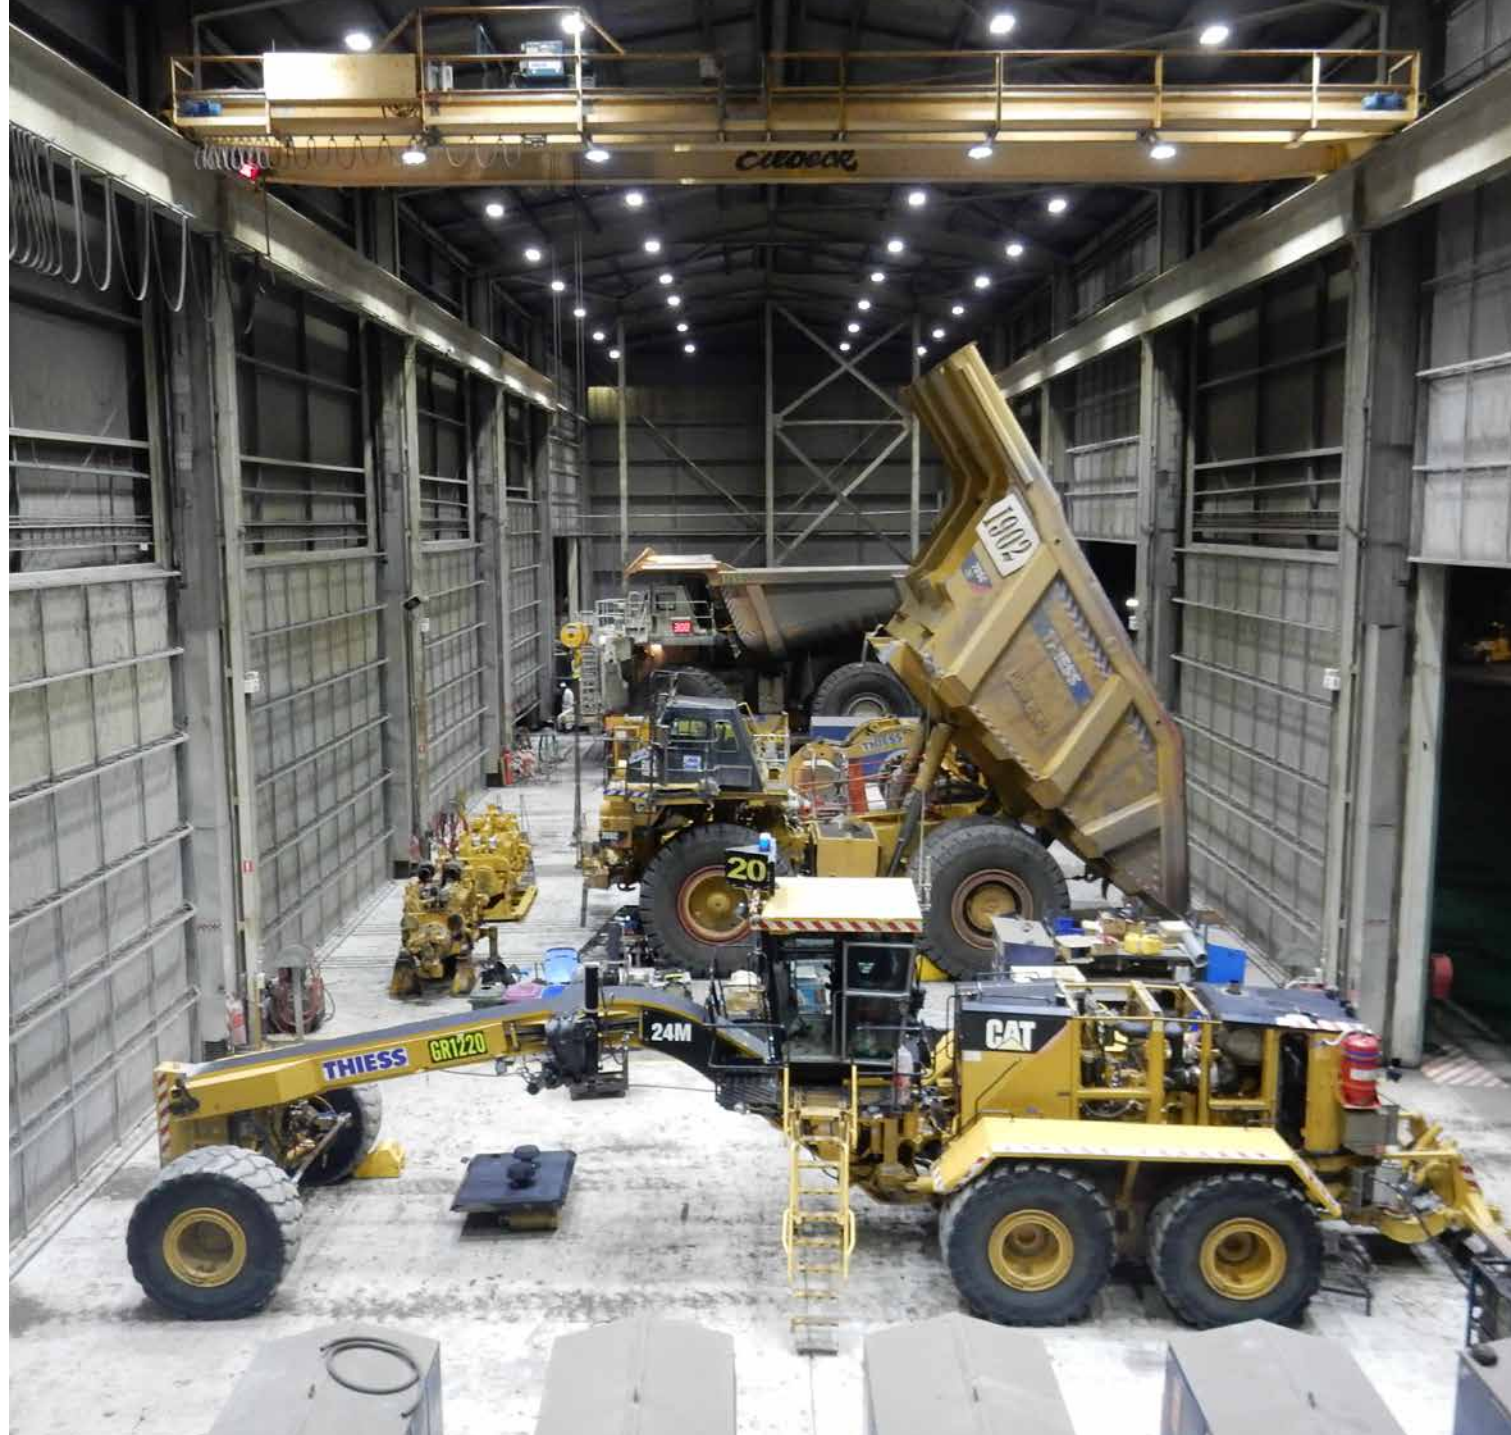

CEMENT AUSTRALIA - Port Kembla Clipper Shed

480W MegaFloods with 595nm Amber LEDs, illuminating a cement storage shed.
The warm CCT ensures maximum visibility in the extremely dusty environment.

**GLENCORE, MOUNT OWEN
- HEAVY VEHICLE WORKSHOP**
40 x 320W Mega floods in
415VAC with 60 degree lenses,
delivering 600 lux average.

**MELBOURNE AVIATION PRECINCT
- HANGAR 145**

42 x 750W MegaFloods with
60 degree symmetric lensing,
ceiling mounted at 22m height.
400 lux average was delivered,
replacing 42 x 1000W highbays and
13 x 2000W wall-mounted floods.

SYDNEY TOWER, SYDNEY CBD

15 x 480W MegaFloods with 60 degree lenses light up the base of the tower, utilising 3000K CCT LEDs to suit the architectural application.

In addition, 4 x 200W MegaFloods illuminate the spire.

**PEABODY INDUSTRIES -
WAMBO COAL**

40W Mako area lights illuminating
coal conveyors from 3m poles. .

**THURGOONA TRAIL
ALBURY NSW**

40W Mako area lights mounted on 6m poles with 25m spacings achieving 20 lux average throughout the 10km cycle and pedestrian path.

**ANGLE PARK GREYHOUND TRACK,
SOUTH AUSTRALIA**

600W spigot-mounted LED Megafoods with
asymmetric lenses achieve television standard
600 lux at Adelaide's pre-eminent greyhound track.

SHOALHAVEN BOWLING CLUB

A total of 8 x 960W with backlight control lenses delivered a uniform 200 lux across both bowling greens from 12m poles.

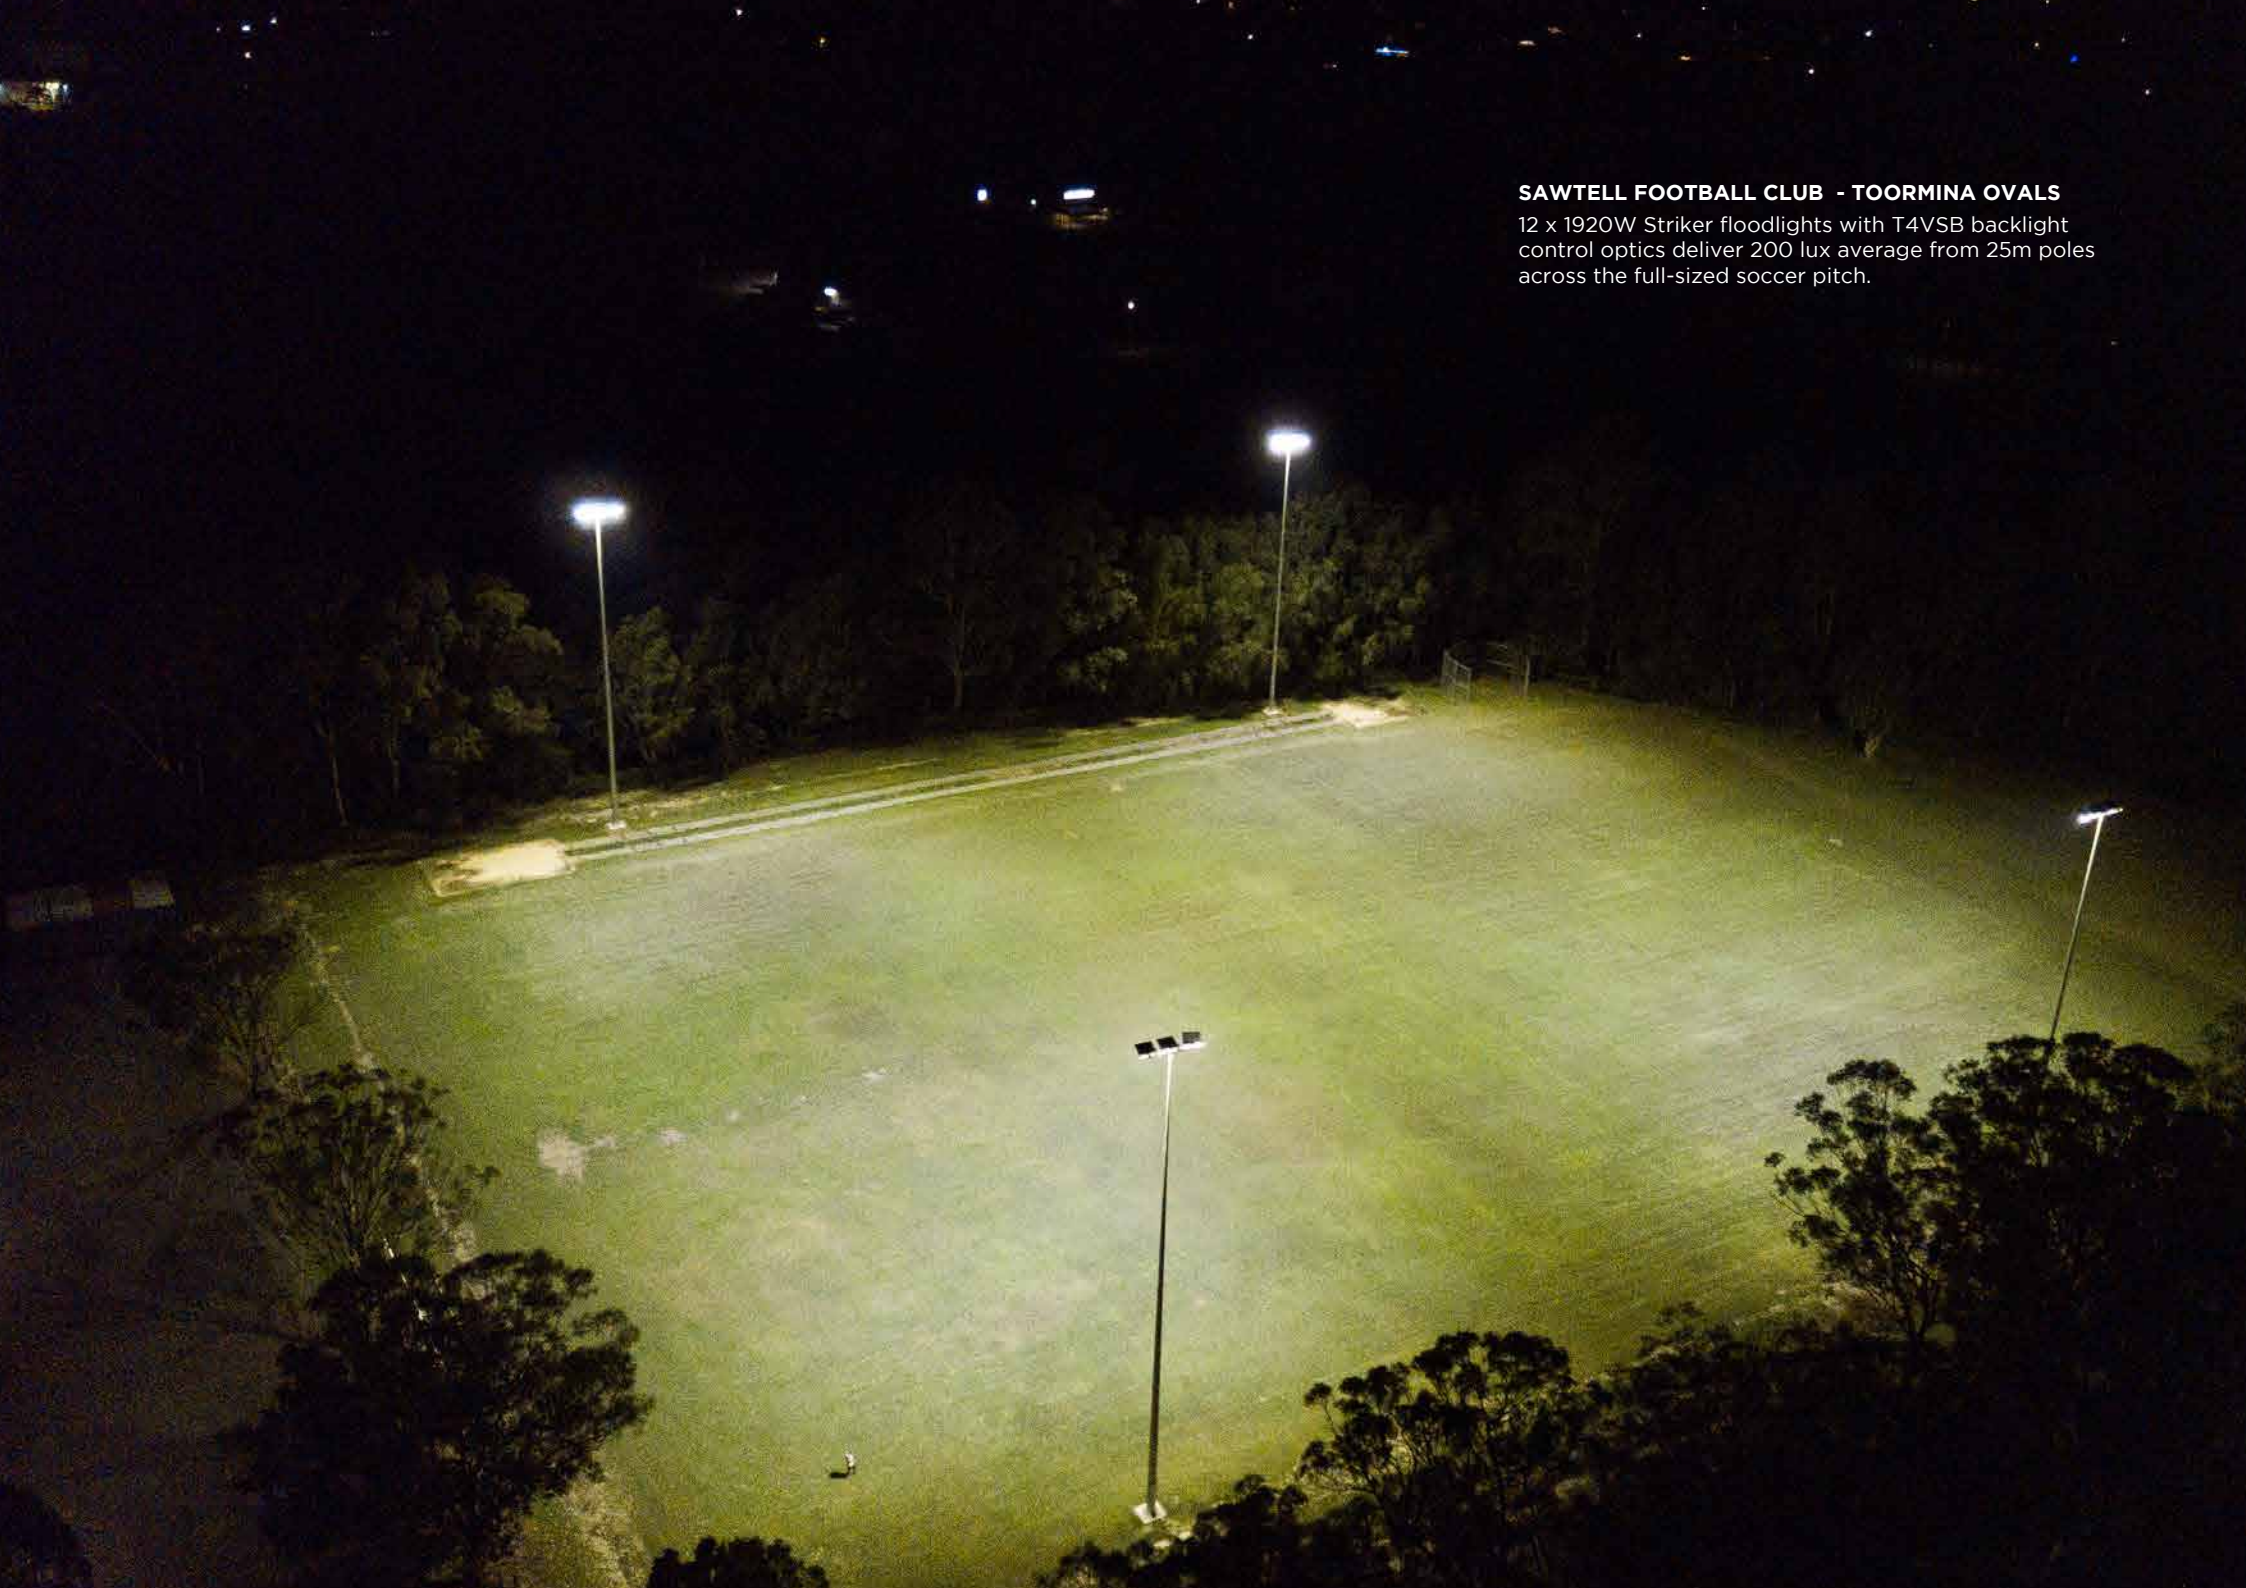

NEWBOROUGH MULTI-USE COURTS

9 netball courts were illuminated to 200 lux by 40 x 960w Stiker LED Floodlights with an additional 4 x 1440W Strikers used on a show court for 350 lux.

SAWTELL FOOTBALL CLUB - TOORMINA OVALS

12 x 1920W Striker floodlights with T4VSB backlight control optics deliver 200 lux average from 25m poles across the full-sized soccer pitch.
